

# The Springpoint Advantage: What it Means to be a Springpoint Senior Living Community

## Springpoint's Rich History in Senior Living

Springpoint has a long history of providing quality care and living options to seniors in New Jersey and surrounding areas. Founded in 1916, our legacy began as a nonprofit organization designed to provide services and housing to the elderly. In 1927, we opened our first residence, The Belvedere Home, followed by The Haddonfield Home in 1954. In 1963, a new concept for senior living began with our mission to combine both residential living with ongoing healthcare services on one campus. Thus, Meadow Lakes in East Windsor, New Jersey was created, becoming the first continuing care retirement community on the east coast – and one of the first in the entire country. Finally, in 2010, we took the name Springpoint Senior Living, a name that was designed to embrace people of all backgrounds and convey our forward-thinking spirit.
